

MyFax Recognized as Top Internet Fax Service by TopTenREVIEWS

Internet fax service receives fifth straight Gold Award for offering "the most features" for the price

Ottawa (May 6, 2010) - [MyFax](#), the world's fastest-growing [Internet fax service](#), earned its fifth straight Gold Award from [TopTenREVIEWS](#), an Internet publisher of expert technology and entertainment reviews seen by millions of consumers. After performance reviews of more than a dozen competing Internet fax services, TopTenREVIEWS continues to give MyFax its "Gold" or No. 1 ranking. MyFax was judged on its feature set, ease of use, customer service and price.

MyFax allows users to send and receive faxes using an email account, removing the need for a dedicated phone line and fax machine. The service enables users to manage their fax communication and corresponding document management workflow more efficiently and at a lower cost than traditional [fax servers](#) or fax machines, regardless of physical location.

The TopTenREVIEWS website says, "We contacted MyFax support numerous times through their live chat service and over the phone; response times were within one minute, and each agent was helpful, courteous and knowledgeable. MyFax offers the most features and fax allotments for the price. The compatibility with so many devices, file formats and web browsers combined with stellar support puts MyFax easily at the top of our list."

"It's an honor to be awarded the best Internet fax service five years in a row," said Joseph Nour, CEO of [Protus](#), the provider of MyFax. "This is one of the few awards that honors all aspects of a product, from price to customer service. This is a testament to our commitment to provide professional business technology services to small businesses, and explains our continued growth."
